Asunto: [NAFEMS] Iberia Seminar Registration

Airbus Amber

Dear Diane and Gino,

I hope you all are fine.

Related our next event, I will insist in the web registration problems. There are many people that have mentioned problems during registration.
And the problem is not limited from Airbus network and PC's. Some people has tried from personal PC's and with the same issues. Some colleagues from UK (Peter Coleman, active member of NAFEMS) have also mentioned problems.

I have registered myself using mobile phone.
But I wonder if you can scale this issue to NAFEMS IT technical team in order to prevent missing attendees to the event. As mentioned by Juan de la Gándara, we will collect Airbus attendees in one list to be provided to you.

Thanks in advance

Airbus Amber
